

Lighten your Footprint to School

save up to **540 lbs** CO₂!

Fact: Did you know every mile your parents drive a car sends a pound of carbon into the air?

Act: *Walk, bike or carpool to school* at least 10 times a month to reduce your carbon footprint. I know you can do this! I sometimes walk 20 miles just to get my breakfast!

Your friend,
Koda

Lighten your Footprint to School

Name: _____

Grade: _____

I pledge to lighten my footprint to school all year
