

save **Shorter Showers**
350 lbs CO₂!

Fact: Did you know every time you take a shower you are using water and energy?

Act: Take a shower that is *2 minutes shorter*. Using a shower timer will help! Bet if you had to take a shower with my Arctic water you'd be out of there in no time!

Your friend,
Koda

Shorter Showers

Name: _____

Grade: _____

I pledge to shorten my shower
all year
